The ideal non-brand related product for rental and staging applications in the professional AV.

The Uniflatfix Pro flat panel brackets are designed to enhance the flexibility of the Audipack L&S concept. The Uniflatfix Pro is the perfect adjustable interface between the flat panel and the Audipack flat panel accessories.

Unlike brand related Audipack flat panel brackets which have been designed to fit exactly onto a specific brand and type of flat panel, the Uniflatfix Pro flat panel brackets are adjustable to fit varying mounting points.
