i3TOUCH PX

Quick start guide

Thank you.

Enjoy the purchase of your i3TOUCH interactive touch display.

Lets see what's in the box.

i3-Technologies is conscious about the environmental impact of the products that we produce. Therefore we would like you to support us in this mission by disposing all packaging according to any local regulations.

To check if we packed your product correctly, please verify if all these items are present:

- 1x Power cord EU/EN/US (2m)
- 1x Active Pen
- 1x Remote control
- 1x USB-C cable (3m)
- 1x USB cable (5m)
- 1x Audio cable (3m)
- 1x HDMI 2.0 cable (3m)
- 1x Wall mount (separate)

Is something missing or does it look damaged?

We're so sorry, please contact our support service on service@i3-technologies.com, or contact your local reseller.

Time to set things up.

Use your favourite applications during meetings.

Connect the **power cable** to the power socket located at the back right side of the display.

Once you've got the power cable connected **switch on the power supply** by turning the button to the "1" position.

On the **front left side** you'll find the power button.

The Charge Station.

The Pen Charge station is located behind the right back side of the screen. Just put the pen in and it will automatically start charging.

No batteries needed

Thanks to the rechargeable nature of the pen, you'll never have to worry about changing a battery again.

Smooth, pressure sensitive writing

The passive pen has a soft tip for smooth and pressure-free writing.

USB HUB.

The i3TOUCH PX allows devices with a USB-C connection to be connected to the screen with one cable for image, power, touch and audio. Any device connected to your i3TOUCH PX will be instantly recognized and can be used by your laptop when your laptop is connected with USB-C or USB 2.0 Touch.

Let the menu guide you.

Use your favourite applications during meetings.

Clicking the hamburger button will make the menu appear with a number of options:

1. Exit the menu and navigate back.
2. Navigate to the homescreen.
3. Start the whiteboard application, Notes.
4. Start the present application.
5. Work with Annotate and make annotations on everything that appears on the screen.
6. Switch between the input sources for the display.
7. Adjust volume for the display.

BIZ & EDU Studio.

All our i3TOUCH devices are available with a BIZ or EDU Studio, bringing ease of use and simplicity to your desired workspace. You can choose which studio you want to use at first boot or through the settings menu.

BIZ STUDIO

The BIZ studio equips the display with a stylish background and extends the user interface with an **extra configurable button**.

You can customize the link and label of this button through the settings menu or in the startup wizard at first boot.

EDU STUDIO

The EDU studio equips the display with a colorful, fun background and extends the user interface with an **extra button for i3LEARNHUB**.

Start whiteboarding.

The whiteboard button opens an interactive whiteboard that allows you to take notes, make drawings or facilitate workshops. The output can be shared very easily with all participants.

WHITEBOARD

1. Tap the whiteboard button.
2. Start writing in the active tab.
3. Activate the writing options by tapping the eraser.

Start presenting.

Content from other devices can be streamed to the display with a push of a button. Also source switching to another input channel is just a click away.

PRESENT

1. Tap the present button.
2. Choose your platform of choice.
3. Follow the setup guide on screen.

Important warranty information

Our i3TOUCH EX devices are equipped by default with a 5 year warranty. If you however have acquired the interactive display for educational purposes, this warranty can be extended.

WARRANTY EXTENSION FOR SCHOOLS

You can register your product for an extended warranty if you are an educational institution. If you are a corporate institution, please contact your reseller.

Please note that the warranty extension must be registered **within 30 days** after delivery of the i3 product through the form found on this page:

i3-technologies.com/en/get-support/warranty/
